

DISASTER RESTORATION, REMEDICATION & ASBESTOS **ABATEMENT**

Helping keep you and your crew safe, secure, and supported.

ABATEMENT
TECHNOLOGIES®
LEADERS IN CLEAN AIR

ABOUT US

We are a proud Canadian company who manufactures our own Abatement Technologies branded equipment in Fort Erie, Ontario.

We believe in producing equipment of the highest quality and materials made to exacting standards. Our highly knowledgeable staff is committed to supporting you with customized solutions for all of your restoration and asbestos abatement projects.

While quality equipment is of the utmost importance, we recognise that our customers need much more than just equipment to function on the job. For this reason we have added extensive lines of consumable products, safety equipment, personal protective equipment, and training to truly become a one-stop destination for all your abatement, remediation, and restoration needs.

MADE IN CANADA

Our Fleet is Ready to Serve You

Keeping your equipment up-to-date and safe to use is not only important for compliance but to ensure preventable injuries don't happen. We know this is important and we are continually expanding the testing and inspection services we offer to help keep you and your crew safe, secure, and In-Spec.

Trust our professionals to make sure your equipment is up-to-date and working properly with these In-Spec services:

- Harness Inspection/Certification
- Lanyard Inspection/Certification
- Sling Adapter Inspection/Certification
- SRL/SRD Inspection/Certification
- Respiratory FIT Testing
- DOP-PAO Testing/Certification

Equipment Leasing

Contact your branch for details.

Service and Repair

We offer equipment repair on most major brands of dehumidifiers, air filtration units, drying fans and more.

Comprehensive Training Programs

Abatement Technologies offers training courses for various industry professionals. Browse through our events listing online to find courses for healthcare construction, duct cleaning, disaster restoration and infection control. Each year, the Aire Guardian® Academy offers courses at our facilities across Canada. Our curriculum is supported by accredited trainers that provide courses for the CSA, IICRC, OH&S and more. We can also arrange training in your own facility.

IICRC (Restoration Training)

- Water Damage Restoration Technician (WRT)
- Applied Microbial Remediation Technician (AMRT)
- Fire & Smoke Damage Restoration Technician (FSRT)
- Commercial Drying Specialist (CDS)

Other Industry Training

- Asbestos Abatement Worker (MTCU Program 253W)
- Asbestos Abatement Supervisor (MTCU Program 253S)
- Asbestos Awareness (4 Hour)
- CSA – Infection Control During Construction, Renovation, and Maintenance of Healthcare Facilities

Course offerings may vary by branch. Please check Abatement.ca for full details.

COMMERCIAL DRYING EQUIPMENT

DEHUMIDIFIERS

The new AQUATRAP® RS line from Abatement Technologies® delivers the same powerful structural drying power as their predecessors and now features a stackable roto-molded plastic cabinet.

AQUATRAP® AT150RS LGR Dehumidifier

- Water removal 90°F /90%RH): 140 Pints / 66L per day
- Water removal @ AHAM (80°F /60%RH): 85 Pints / 40L per day
- Rated Air Flow: 354 cfm / 600 m3/h
- Amperage: 7.0A max

PART NO: AT150RS

AQUATRAP® AT250RS LGR Dehumidifier

- Water removal 90°F /90%RH): 266 Pints / 126L per day
- Water removal @ AHAM (80°F / 70%RH): 147 Pints / 70L per day
- Rated Air Flow: 413 cfm / 700 m3/h
- Amperage: 12A max

PART NO: AT250RS

AIR MOVERS

RAM Air Movers from Abatement Technologies® are the preferred choice of water restoration professionals.

RAM Low Profile Air Movers

PART NO: RAM1000LP

- 2 Speed settings: High (1000CFM) and Low (700 CFM)
- Can be placed in 4 drying positions
- Onboard GFCI protects against electrical shock in damp or wet applications
- Designed to stack for easy storage
- Easy-clean, removable front grill and polyethylene housing
- Conforms to UL 507 and CSA 22.2 No. 113 standards
- Hour meter
- Resettable circuit breaker
- Weighs 20.3 lbs
- Less than 2 amps on high

RAM Centrifugal Air Movers

PART NO: RAM1000

- High velocity: 2,850 fpm @ high speed
- Air volume: 1,125 CFM @ high speed
- 2.2 amps (low speed) / 2.8 amps (high speed)
- Perfect weight balance: Weighs only 25 lbs
- 3 operating positions: Horizontal, 45 degrees and vertical

PORTABLE HEPA VACUUMS

Canister Style Wet/Dry HEPA Vac

PART NO: V8000WD

- Exceptional wet/dry performance: 135 CFM and 92" static lift
- Portable, compact and lightweight design: 22 lbs
- Durable polyethylene cabinet
- 1.6 HP motor
- Comes with complete toolset
- 8-gallon tank capacity
- 22' power cord
- Filters:
V8042, V8042-W HEPA, 99.97% Efficiency 1/ea
V8040 - Replacement Bags 5/pk

Backpack HEPA Vac

PART NO: GD10

- Lightweight, ergonomic design to reduce fatigue
- Powerful 99 CFM airflow and 96" static lift
- Upstream HEPA filter rated 99.99% @ 0.3 microns
- Toolset included
- 50' power cord
- Filters:
V1471097500 - Dust Bag, 5/pk
V1471104500 - HEPA Filter, 1/ea

Canister Style Dry HEPA Vac

PART NO: GD930

- Exceptional performance: 74 CFM and 92" static lift
- Portable, compact & lightweight design: 16.5 lbs
- Sturdy chrome-plated steel container
- True 99.97%+ efficiency HEPA filter
- Toolset included
- 4-gallon tank capacity
- 32' power cord
- Filters:
V93040 - Replacement Bags, 10/pk
V930-10 - HEPA Filter, 1/ea

Hepa Vacuum DustlessVac® Wet+Dry 16 GAL w/12' Hose

PART NO: DT-D1606

- Fully certified and serialized HEPA Filter Vacuum
- Go between wet and dry without switching filters
- Large capacity barrel holds 40 lbs of dust
- Dimensions: 20" L x 21" W x 26" H
- Weight: 41 lbs
- Colour: Yellow/Black
- Water Lift: 103.60"
- Air Flow: 130.90 CFM
- Voltage: 120
- Amps: 10.60
- Noise Level: 79 dB
- Cord Length: 15'
- Hose Length: 12'
- Filters:

DECONTAMINATION SHOWERS

EASY UP™ Decontamination Shower

The EASY UP™ S4000EU Decontamination Shower from Abatement Technologies is large enough to fit tall workers yet small and light enough for a worker to hand carry like a suitcase.

- Weighs only 41 pounds
- Compact - 30"L x 30"W x 81"H (Fully extended)
- Fast Set Up
- Easy to Transport & store
- All accessories store neatly inside (Curtains, shower head, mixing valve and collapsible corner poles)

PART NO: S4000EU

Telescoping Shower

TeleShower is easily transported to the job site and set up in minutes

- Carrying handles
- Reinforced floor is hinged for filter access and cleaning
- Collapsed dimensions: 33.375"L X 29.5"W X 50.625"H
- Door opening: 2.5"W X 72.5"H
- Corrosion-resistant marine alloy aluminum for easy decontamination
- 100 micron filter bag
- Hot and cold water controls with fixed shower head
- Drain fitting for connection to pump unit or building drain

PART NO: S5000ET

Shower Pump with Filtration

- First stage filter for particles 25microns or larger
- Second stage filter for particles 5microns or larger
- Power requirements: 110V/60Hz
- Filtration flow of 6 gal (US)/min or 23 L/min
- Weighs 40 lbs/18kg

PART NO: S5300

D-CON Decontamination Shower Blue Grayling 77"

D-CON™ Decontamination Shower Blue Grayling 77"

- Eliminates the hassle and cost of constructing a temporary decontamination facility on-site
- Reduces labour costs through quick and easy set up
- Can withstand daily rigors of abatement projects without losing structural integrity
- Available in several different configurations

PART NO: S1002002

Abatement Hair & Body Shampoo, 12 Bottles Per Case

- Biodegradable
- PH balanced
- Durable plastic container
- Low sudsing
- Sold in cases of 12 ea. 946 ml. dispenser bottles

PART NO: AS450

Disposable Bath Towels 15" X 30" 2 Ply - 300/CS

- Economical
- No laundering involved
- Soft and smooth 2-ply material

PART NO: DC-3400-300

MONITORING and DETECTION INSTRUMENTS

Single Room Pressure Monitor

Abatement Technologies® RPM Series Differential Pressure Monitors provide 24/7 monitoring and recording of differential air pressure relationships between multiple rooms or areas within a healthcare facility.

- User-friendly, menu-driven touch screen
- Password protection feature (can be disabled)
- Visual & audible alarms with audio alarm delay & timed shutoff features
- Single or Dual Room available

PART NO: RPM-RT1W OR RPM-RT2

Portable Differential Pressure Monitor

The PPM3-S Portable Room Pressure Monitor from Abatement Technologies® is an essential tool for measuring the real-time pressure differential between two adjacent areas within a facility.

- Easy to use, color touch screen display
- Effective, Differential pressure measurement in ranges of -0.10inWC (-25 Pa) to $+0.10\text{inWC}$ ($+25\text{ Pa}$)
- Archived history logs are easily downloaded in CSV format to a USB flash drive

PART NO: PPM3-S

THERMAL IMAGING AND INFRARED CAMERAS

PART NO: MR-77 / FLIR-C5

MOISTURE METERS AND WALL SCANNERS

PART NO: MM-ME5 METER

AIR SAMPLING

Allegro Sampling PCM cassette 25mm/.8u

A 25mm cassette with .8µm pore size for asbestos sampling. The high-quality cassette incorporates a 2" cowl and meets stringent quality standards. 50 per box. The cassettes are designed and manufactured to meet all applicable NIOSH/EPA/OSHA Standards. Each cassette is individually assembled, preloaded, flow tested, and marked under stringent quality assurance procedures.

PART NO: 9804-16

MCE Air Sampling Cassette Lead

This 37mm, MCE cassette is .8µm mixed cellulose ester and is specifically designed for lead sampling. 50 per box. The cassettes are designed and manufactured to meet all applicable NIOSH/EPA/OSHA Standards for lead sampling. Each cassette is individually assembled, preloaded, flow tested, and marked under stringent quality assurance procedures.

PART NO: 9804-14

Allegro Multi-Mold M2 Cassettes

The M2 is patented, two-sided sampling cassette for easier and more efficient use in the field and in the laboratory. This is the first cassette to provide sampling options to field personnel. Each cassette can be used to:

- Collect two different samples
- Collect two identical samples concurrently
- Collect one sample while using the other side as control

PART NO: 9804-20 (BOX OF 25 CASSETTES / 50 SAMPLES)

9804-21 (BOX OF 5 CASSETTES / 10 SAMPLES)

The M2 cassette is also the very first of its kind for laboratory personnel. It provides one-time preparation for two samples, pre-printed traverse marks on the collection side for standardized counting, and side-by-side comparison of samples under the microscope.

TEM Air Sampling Cassette

This 25mm, .45µm + -5.0µm cassette is designed for asbestos final clearance testing. The cassettes incorporate a 2" static conductive extension cowl and meets all applicable standards. 50 per box.

PART NO: 9804-17

T101 Jarless Sampling Pump (Rotary Vane)

Lightweight and low maintenance, this rotary vane sampler has a sampling range of 0-30 LPM and is an excellent resource for sampling asbestos (25mm cassettes), lead (37mm cassettes) and mould. This sampler is the best value in the market today, meets OSHA and AHERA standards and comes complete with six feet of vinyl tubing, inline filters, rubber feet, for stability, handle and built-in switch. Optional adjustment aluminum stand. Weight 10 lbs.

PART NO: 9801 (WITH STAND) & 9801-88 (WITHOUT STAND)

FINISHING SOLUTIONS

FLOOR and SURFACE PROTECTION

Surface Protection Mat Floorotex®

- Innovative temporary floor protection
- Reusable
- Non-slip
- Breathable
- P-8650 40" x 168" per roll
- P-8651 40" x 84" per roll

PART NO: P-8650 & P-8651

Clear Carpet Mask, 1 Roll per Case

- Easy to apply and remove
- Puncture and tear resistant
- Saves clean up time and expense
- Not for use on hard surface floors
- 24" x 200" per roll

PART NO: P-CM340CLR

Heavy-Use Protection for Floor, Countertops & More

Abatement Technologies® Floor Protector Roll is the perfect, reusable, non-slip product to protect all of your hard and soft surfaces and counterst. Use this product to keep your tools and other items clean and your floors protected.

- 27" x 20ft per roll

PART NO: P-NEO/6

Heavy-Use Protection for Floor, Countertops & More

Abatement Technologies® Floor Protector Roll is the perfect, reusable, non-slip product to protect all of your hard and soft surfaces and counterst. Use this product to keep your tools and other items clean and your floors protected.

- 27" x 20ft per roll

PART NO: P-NEO/6/BUE

Sticky Mats

- Pack of 30 sheets of 24" x 36" blue polyethylene mats (sold in 10 packs)
- Pressure-sensitive adhesive on top of each mat removes contaminants from shoes and wheels
- Peel and toss away top sheet when dirty

PART NO: SM2436

Sticky Mat Frame

The sticky mat frame is used to hold sticky mats in place (SM2436). It also protects floors and increases functionality with its mobility so you can move them from room to room with ease.

PART NO: P-SM377

ADHESIVE TAPES and SPRAY GLUES

We carry an extensive array of tapes, including vinyl film, painters, duct and multi-purpose from trusted brands such as Nashua, Echo and Polyken, in addition to our own private label branded tapes. Whatever the specific application, construction, restoration, abatement, maintenance or healthcare, we have the tape you need to get the job done.

Many other types and brands of tapes are available, contact your Sales Representative to inquire.

Portable containment carts for easy, safe access above ceilings.

AIRE GUARDIAN® 8000 Mobile Containment Cart

- Unique upper header design gives workers unmatched height access above ceiling tiles while keeping them safe and OSHA compliant
- Height adjustment mechanism affords single-handed header extension and retraction to any ceiling height up to 10'
- Cart designed with exceptional structural integrity featuring easy to clean anodized aluminum frame with clear polycarbonate walls, 900 lb load rating and secure locking casters.
- Includes 16', 3-Section Fiberglass Extension Ladder

PART NO: AG8000-PAS

AIRE GUARDIAN® 3000 Mobile Containment Cube

- Enclosure is made from a tough, reinforced-PVC material
- Easy to adjust upright poles with numbered settings
- Precise adjustment to any ceiling height from 8' to 10'
- Large view windows on 4 sides
- Zippered entry/exit doors on 3 sides
- Top zippers for full above-ceiling access
- Clear view windows for visibility & light

Abatement Technologies® Branded Chemical Products

We have worked with many suppliers to create our own exclusive versions of standard Restoration and Asbestos Abatement products. We specify everything about our own private label products – what goes in it, how it's packaged and what the label looks like. Our many years of experience with contractors has allowed us to create our own lines of industry-leading chemicals, such as lockdown encapsulants, degreasers and soy mastic removers that rival leading name brands for performance and quality. By creating our own Abatement Technologies® branded products we can pass on substantial savings to our customers. Speak with one of our highly trained representatives who can assist you in making the best product selections customized to the needs of your project.

Harness the power of live bacteria to travel to normally unreachable areas for cleaning, to break down soils into water and carbon dioxide, and to provide safer products for your workers and clients with the full line of Rochester Midland's Professional Restoration Series of cleaners.

PART NO.	PRODUCT DESCRIPTION
AS-MMR	MMR Mould Stain Remover 3.8L Jug

Bad Axe has a complete arsenal of Restoration Products including MMR Mould Stain Remover, which has quickly become the industry's "go-to-product" for mould related projects. It is a fast and easy application that eradicates mould stains on contact.

FOGGERS and SPRAYERS

ProRestore Electro-Gen™

- The industry's most durable electric thermal fogger
- Converts 1 oz of Thermo55® into a 2,000 cubic foot deodorizing cloud in 30 seconds
- Can be used as an electrical sprayer
- Solvent-based products recommended

PART NO: FS-UM0604

Chapin SureSpray Deluxe Sprayer

- 2-Gallon funnel-top, translucent tank for easy filling and cleaning with pressure relief valve
- Features unique SureSpray™ Anti-Clog Filter for clog-free spraying
- Includes reinforced hose, curved brass wand, and adjustable poly nozzle
- Ergonomic handle, on-board spray shield and measuring cup for accurate chemical mixing

PART NO: SP26020

Chapin 48 oz Industrial Viton Spray

- 48 oz translucent poly bottle
- Compatible with most industrial chemicals
- Adjustable cone nozzle and shut-off

PART NO: SP1046

Chapin SureSpray 2 GAL Sprayer

- 2 GAL funnel-top, translucent tank for easy filling and cleaning
- Includes a 12" wand, 34" reinforced hose, adjustable nozzle and comfortable spray handle

PART NO: SP20020

Electric Foam Unit For Pre-Mix Products

- Powered by 120 VAC Electricity
- On-board 1.5 hp air compressor
- 25ft. (7.6 m) coiled twin-line tubing- Optional extension to 100 ft. (30.4 m)
- 65" fan tip for increased coverage
- Compact size for portability
- Santoprene, Viton, or Kalrez pump seals for chemical compatibility

PART NO: SP-F1-JR

Foam Unit 5 GAL Pump Up White Tank, 1/Case

- Compact unit with manual pump
- Maximum portability for small jobs and spot cleaning
- Comfortable grip handle with trigger for quick on/off control
- Ability to switch between short and long wand assembly

PART NO: FI-5L

SUPPLIED AIR

COMP-3EA™ Auto-Air™ Breathing Air Compressor System (Air Systems International)

This compressor system is designed to provide automatic back-up air for up to 3 workers in the event of compressor failure. The COMP-3EA™ Compressor System includes an Auto-Air™ Breather Box®, model BB30-COAA, the TA-3EA compressor supplied with a CGA-347 high pressure reducing regulator, and primary / secondary hoses. An optional 60 or 87 cf cylinder can be installed on the compressor frame to provide additional egress air. The COMP-3EA™ system is designed for pressure demand respirators only.

PART NO: BB330-COAA & CGA-347 & TA-3EA

COMP-3EA™ COMPRESSOR & COMPONENTS

PART NO.	PRODUCT DESCRIPTION
COMP-3EA	TA-3EA compressor, 1/2" x 10' hose, 3/8" x 10' hose, high pressure regulator, and BB30-COAA Breather Box® with 3 respirator fittings (specify Hansen or Schrader)
TA-3EA	TA-3 Twin-Air™ Compressor with adjustable high pressure (5000 psi) regulator for attachment to a CGA-346 or CGA-347 cylinder and cylinder strap
BB30-FK	Replacement filter kit for BB30-COAA Breather Box

RESERVE AIR CYLINDERS

PART NO.	PRODUCT DESCRIPTION
AC-60	60 cf CGA-346, 2216 psi, aluminum, DOT/TC/ISO/UN
AC-87	87 cf CGA-347, 4500 psi, fully wrapped carbon fiber, DOT/TC approved

* Do not use with constant flow respirators or vortex cooling tubes.

ACCESSORIES

Panther™ Full Face Mask w/ P100 Particulate Filters

- Pressure demand, full-facepiece, mask, mounted regulator
- When the air supply is interrupted the SAR/ P100 user can disconnect from the airline and exit the area
- During egress, the P100 filters provide respiratory protection from the particulate laden atmosphere

PART NO: SRP968437

Replacement Air Hoses

- Available in 1/2" and 3/8" ID
- Lengths: 25', 50' and 100'
- Specify coupler types

PART NO: SR930804 & SR930864

DUCT CLEANING EQUIPMENT for PROFESSIONALS

DUCT CLEANING

Breaking down the barriers to entry. Source removal Duct Cleaning is an effective alternative to expensive duct cleaning trucks. Originated by Abatement Technologies in the 1980's source removal duct cleaning allows a contractor to easily enter or scale-up in duct cleaning. At a fraction of the cost, our source removal duct cleaning packages allow restoration contractors to easily expand their capabilities without the risk of large financial commitment

To make sure you can select the right package for your needs we have developed a 3 Step Process to customize everything from the vacuum to the compressor, agitation devices, and accessories. This gives you the ultimate flexibility while still taking advantage of package savings. It's as easy as 123.

1

PICK YOUR VACUUM

You pick a Portable Power Vacuum from our selection of models that range from a basic economy entry-level vacuum up to our most powerful high-performance unit. Source removal is versatile. You are able to clean residential and commercial properties because you can take the vacuum to the duct instead of running long lengths of hose from a vehicle. You get the same static suction in the basement, in the attic, or on the 50th floor.

2

PICK YOUR AIR COMPRESSOR

Your choice of compressor will be determined by the air power needed to drive the compressed air tools that loosen dirt and debris from inside the ductwork systems.

DUCT CLEANING EQUIPMENT for PROFESSIONALS

3

PICK YOUR ACCESSORIES

Abatement Technologies® stocks our own branded lines of power rotary brush and power whip agitation systems to remove and clean inside ducts. Additionally, we offer a complete line of duct cleaning essentials such as grill mask, hole cutters, caps, plugs, screws and chemicals for your professional duct cleaning enterprise.
