## AGITATION DEVICE FOR DUCT CLEANING CONTRACTORS

### C5000

The DUCT-PRO® Power Rod System from Abatement Technologies® is an agitation device, as well as a compressed air tool, that will provide fast, high-quality cleaning in a variety of duct cleaning applications. Increase your productivity & your profits.

### FEATURES & BENEFITS

- ▶ Versatile agitation device and compressed air tool used to remove caked on dirt and debris from air duct systems
- ▶ Compressed air constantly blasted through rods causes a whipping action over every square inch of the duct
- ▶ Three different rod flexibilities provide almost unlimited options for cleaning all configurations and types of ductwork
- ▶ Flexible rods can be directed where needed and can be used for long runs – even runs over 100'
- ▶ Forward and reverse nozzles deliver air blasts where conventional Aire-Sweeps cannot reach
- ▶ Fittings are brass for durability, and nozzles are aluminum with brass fittings
- ▶ Rods, nozzles and whip heads are easily and securely connected by quick connects
- ▶ All nozzles and heads fit through 1" access holes
