SHIELD WALL™
Transport and Storage Cart and Dust Cover

SW-CART/SW-CART-DC
Cart designed to transport and store SHIELD WALL™ modular containment system panels, doors and accessories. Optional dust cover helps protect panels during transport and storage.

SW-CART

Heavy- duty cart for transporting SHIELD WALL™ CORE panels, doors and accessories.
Designed to hold a maximum of nine 48" components for easy transportation and storage. The cart can hold a maximum of 700 lbs (317.5 kg).

U.S. Patent No. 10,329,760
Canadian Patent Pending

SW-CART-DC

Optional dust cover may be purchased separately. Ideal for transport and storage between projects. Helps protect panel surfaces and extrusions from weather, dust, scratches, and scuffs. Offers a clean and professional look on job sites.

FEATURES & BENEFITS

- Locking castors for safety when loading or unloading cart
- Aluminum construction
- Cart assembly is required
- Fits through standard doors and has four swivel wheels for easy handling
- Panels are secured with ratchet straps
- Great for storage between projects

FEATURES & BENEFITS

- 13 oz fire retardant, soft matte finish PVC Vinyl Fabric
- Color: Black
- Ideal for transport and storage between projects
- Double fabric handles at either end to help move cart
- Fastners at bottom hold dust cover in place
- Wipes clean with a damp cloth
