

AIRE GUARDIAN® TOP EXTENSION

Increase Ceiling Surface Workspace By 75%

AG8000-EXT24

AG8000-EXT24

The AG8000-EXT24 is a great optional accessory to install on the AG8000 Mobile Containment Cart. Installing the top extension increases the overall height reach from 10' to over 12' when the cart is fully extended and provides a larger ceiling surface workspace within the confines of the top extension by an additional 5 ft². Reach new heights with the optional AIRE GUARDIAN® top extension.

FEATURES & BENEFITS

- Add 5.12 ft² of surface area to the ceiling to comfortably work in taller or more complex ceiling grids
- Upper and lower flame retardant cover fabric for sealed transportation
- Ceiling surface workspace is increased by over 75% compared to the AG8000 without the top extension
- With the top extension installed, the AG8000 can reach heights of over 12'
- Toolless, assembly required
- When not in use the top extension can be sealed at the top with a zippered, soft canvas, hatch type door
- Lightweight: only 24 lbs
