

ATL1010

PAINT AND COATING STRIPPER

Low Odour Formula | Nonflammable | Environmentally Friendly

ATL1010

PAINT AND COATING STRIPPER is an environmentally friendly stripper powerful enough to dissolve most paints and coatings. It is formulated with non-hazardous ingredients and boosted with the power of hydrogen peroxide. Its gel consistency allows for ease of use, especially on vertical surfaces and rinses with water for fast clean up. The product's low odour, nonflammable formula is safe for both interior and exterior applications. Coverage varies depending on the thickness of application. Expect 50 – 75 square feet per gallon when applied 1/32" thick. NOT FOR USE ON PLASTIC OR FIBREGLASS.

FEATURES & BENEFITS

- Low odour, nonflammable formula
- Safe for interior and exterior applications
- Opaque, milky white appearance

TECHNICAL SPECIFICATIONS

DESCRIPTION	UNIT	ATL1010
Physical State	-	Viscous Liquid
Color	-	Milky White
Odor	-	Slight
Acidity	pH	8.0 - 9.0
Boiling Point	°F	212
Flash Point	-	None to boiling

Specifications and details are subject to change without prior notice.
