Abatement Technologies Acquires Toronto-based Restoration Equipment Provider

The acquisition of QCSS 2000 aims to deepen the restoration industry expertise of Abatement Technologies and provide greater value to existing customers

FORT ERIE, Ontario - August 18, 2022 - [Abatement Technologies](#), a manufacturer of specialized construction containment products designed to help protect those in and around construction in occupied spaces, announces the acquisition of Mississauga, Ontario-based [QCSS 2000](#), a major sales, rental, and repair service provider of carpet cleaning, flood, and restoration equipment. Effective August 18, 2022, QCSS 2000 will be part of Abatement Technologies group, providing new business opportunities for their existing customers.

Andrew Harber, CEO of Abatement Technologies said, “Since 2009, Abatement has been operating distribution centers in Canada with a focus on directly providing contractors in the construction, environmental, and restoration industries with a wide array of products beyond those we directly manufacture. With the acquisition of QCSS 2000 and its Mississauga location, we will broaden our selection of products available locally to our customers and ensure that they can quickly get the abatement, remediation, and restoration products they need.”

This new partnership will empower Abatement Technologies to:

- Gain strategic access to the Greater Toronto Area with a location in Mississauga.
- Expand upon Abatement Technologies’ industry expertise with QCSS 2000’s three decades of experience in the restoration industry.
- Grow their team of Aire Guardians with the onboarding of QCSS 2000’s highly-trained experts.

Yvan Grenor, Owner of QCSS 2000, said, “As the owner of QCSS 2000, I’ve always looked for ways to better serve our customers and employees alike. Partnering with Abatement Technologies enables us to do both of those things better than ever. Our

customers will benefit from the product innovation and logistics capabilities of Abatement Technologies, and our employees will be in great hands with a company that cares for its employees like family.”

As the abatement, remediation, and restoration industries continue to grow at a rapid pace, product innovation and strategic business partnerships, like the acquisition of QCSS 2000, position Abatement Technologies to stay ahead of the competition and continue to grow with the industry.
